

Dear All,

If you are facing any issues while connecting to **IITI_Secure** or **IITI_Secure_5G**, please perform the following steps:

1. Download the certificate attached to this mail to the Android device.

2. Install the certificate (Settings may vary from phone to phone, you can search for the "wifi certificate" or "certificate" settings from the search bar) e.g.

- Open your phone's Settings
- Select Security -> Advanced -> Encryption & credentials.
- Under "Credential storage," select **Install a certificate -> Wi-Fi Certificate.**
- In the top left, select Menu.
- Under "**Open from**," select the location where you saved the certificate.
- Select the certificate file **GW_CA_IITI.crt**
- Enter a name for the certificate e.g. IITI-WIFI
- Select OK.

3. Steps to connect to IITI_Secure or IITI_Secure_5G

- EAP Method: **PEAP**
- Phase 2 Authentication: **MSCHAPV2**
- CA Certificate: **Newly Added Certificate (e.g. IITI-WIFI)**
- Online Certificate Status: **Do Not Verify**
- Domain: [**iiti.ac.in**](http://iiti.ac.in)
- Identity: **Your Username**
- Anonymous Identity: Leave Blank
- Password: **Your internet access password**
- Select Save and connect
